

FOR IMMEDIATE RELEASE

SpoFit Partners with RACEPRO TECH for Lucas Oil Off Road Racing Series *SpoFit Members, Staff To Serve as Honorary Pit Crew During the Weekend*

PHOENIX, Ariz. (April xx, 2015): The Virginia G. Piper Sports and Fitness Center for Persons with Disabilities (SpoFit) will be the primary sponsor for RacePro Tech off-road racing team for rounds three and four of the Lucas Oil Off Road Racing Series at Wild Horse Pass Raceway, Saturday and Sunday, April 24 and 25.

As part of the partnership, RACEPRO TECH will display their Prolite Truck and ProBuggy race vehicles at the facility on Wednesday, April 22 from NEED TIMES. The team will then host SpoFit members as Honorary Pit Crew Members at the races on DATE AND TIME. Also, Driver/Owner Justin Peck will make a very special surprise announcement and presentation at SpoFit on Wednesday.

"This is more than a sponsorship for me, it's personal," expressed Justin Peck. "My brother (Nate) became a quadriplegic after a motorcross accident. I know how much it changed his life and his family's life. So many things we take for granted can be taken away in an instant. Finding ways to move forward are not easy, but having a place like SpoFit to keep active helps the mind, body and spirit to heal. It also provides a place to see that you are not alone and can encourage one another."

"I'm very excited about the special surprise we have to present at the facility before the race weekend starts," added Peck. "After our visit to the SpoFit facility, it will be an honor to have some special guests spend the weekend with our team as honorary pit crew members."

SpoFit is a 45,000 square-foot state-of-the-art, fully adaptive sports and fitness facility. SpoFit offers a wide variety of amenities to help individuals with disabilities achieve health and fitness goals. The center has wheelchair accessible weight machines, an aquatic area equipped with lifts and elevators, accessible lockers and much more. SpoFit's mission is to provide exceptional adaptive sports, recreation, aquatic and fitness programs that promote the independence, health and overall well being of people disabilities and their family members.

RACEPRO TECH Drivers Dave Mason and Peck will hit the track for rounds 3 & 4 of the 2015 Lucas Oil Off Road Racing Season. Mason will be looking to return to the podium for a second time this season. Peck will be driving the very tough Prolite class and will be looking for a strong qualifying run into the main events after suffering mechanical trouble in rounds 1 & 2.
